WHY A ROSE WEST CSA BOX?

My life's passion is supporting and connecting people to local agriculture and food. Your Rose West CSA box will feature a variety of products from local producers so we can spread the love! I have personally curated your box to include food from my favorite farmers and ranchers, as well as my own garden and kitchen.

WHAT IS IN A CSA BOX?

Your Rose West CSA Box will include a selection of local lamb and pork products, a freshly harvested veggie and herb bundle from The Rose Garden, a bounty of Colorado-grown fruit, a local jerky snack, and a creation from The Rose West Kitchen.

HOW WAS MY FOOD GROWN & RAISED?

I like to give credit where credit is due, so here's an overview of how your food was grown and raised...

MYSTIC HILLS FARMSTEAD

Grass-fed lamb rotationally grazed on irrigated pastures in North Routt

MURR MADE MEATS

3/4 Hampshire, 1/4 Yorkshire pigs pasture-raised on a family farm north of Craig

ELKRIVER LIVESTOCK

Grass-finished beef born and raised in the Elk River Valley using regenerative ranching techniques

TOPP FRUITS

Certified organic orchards holistically managed to produce products that complement the ecology of the land in the North Fork Valley

THE ROSE GARDEN

Hand-harvested vegetables grown without the use of pesticides or synthetic fertilizers just west of Steamboat

CSA SUBSCRIPTION BOX FAQ

Q: When is my subscription time period?

A: Your CSA Subscription Box is 5 weeks long. Your first box will be ready for you on Tuesday, July 18th, and the last one on August 15th. You will have 5 boxes total, one each week.

Q: Is the meat frozen?

A: Yes, all the meat (besides the shelf-stable jerky) will come frozen. So you can always pop it in the freezer if you aren't ready to cook just yet. Also, the meat can be kept in your fridge for about 5 days so you can whip up a meal at a moment's notice.

Q: Can I make substitutes?

A: I have curated these offerings to provide you with the ultimate mix and match; therefore there are no substitutions. There will be products that are your already known favorites and some that you haven't tried before, making it the perfect adventure in food! Trust me when I say that everything is delicious and easy to cook.

Q: I've never had lamb, what does it taste like?

A: This grass-fed lamb is the real deal! The chops are tender and mouthwatering, the ground cooks phenomenally on the grill, and the shoulder will have you chowing down gyros in no time. It does not have a super gamey taste and instead gives you an omega-3-rich protein that is delicious and bursting with flavor.
